

International Overdose Awareness Day

prevention and remembrance

Each year we lose tens of thousands of people from drug overdose globally. Some survive but suffer a permanent injury, with devastating impact to their families and friends.

Butler County is not immune. You may have seen it, it has happened to people around you. Tomorrow, it could happen to someone you love. This is not an invisible issue. It has happened in my life....

International Overdose Awareness Day (August 31) provides an opportunity for us to reflect on practical ways to prevent overdose in our community and support recovery. Overdose is preventable. Knowing the real facts about drugs and what to do when you see someone experiencing an overdose DOES save lives.

***Fort Hamilton Hospital's Opiate Recovery Taskforce (F.O.R.T.)** is playing our part to support the day.*

Please join us on Wednesday, August 31st for our 2nd annual International Overdose Awareness event.

We will give you an update on our FORT Golden Ticket Program and you will hear from Butler County Coroner, Dr. Lisa Mannix on what this issue looks like in our own community. We will also take a few moments to memorialize those Butler County friends and family who have succumbed to this disease.

Where: Fort Hamilton Hospital Auditorium
630 Eaton Ave.
Hamilton, Ohio 45013

When: Wednesday, August 31, 2016 1:00pm-2:30pm
Light refreshments provided
